EASY-FLO deluxe attachment kits

ATT-8200/8300
 Our most popular attachment kit ever!
 Includes EASY-FLO's oversized crushproof hose which features 20% better air flow, a EASYgrip 360° swivel handle and three way control switch. Deluxe electric power brush with belt drive and cord management hose connection.
 • Extra telescopic wands included
 • Bare floor tool
 • Carpet brush
 • Crevice tool
 • Upholstery tool with slide on brush
 • Hose hanger

ATT8400/8500

Attachment kit contains all of the above with the German engineered Wessel power brush. Powerbrush features a quick disconnect telescopic wand, long life geared belt, LED headlight, user friendly carpet height adjustment and a two-point swivel neck for extra maneuverability.

ATT8600/8700

Attachment kit includes the "best in industry" Sebo power brush. Designed for very large homes and commercial applications. Telescopic cord management wands, 15" wide cleaning path, geared belt drive and heavy duty motor.

Why EASY-FLO?

Easy-Flo offers an unbeatable Lifetime warranty on all vacuum units
 Easy-Flo uses only high quality American made vacuum motors
 Easy-Flo utilizes separate electrical components which last longer, allow for easy troubleshooting and are less costly to repair
 Easy-Flo uses micro-weave filters with built-in static discharge which produces the greatest air flow and filtration without compromising suction power.

Sweep Inlets are another great reason to install a central vacuum system in your home. Now, bare floor areas such as the kitchen, ensuite bathroom, laundry room or mud room can be cleaned quickly without having to reach for all of your attachments. Just grab a broom, kick open the sweep inlet and sweep away the mess.
